At Risk Medical Conditions (ARMC) Tuberculosis Screening Reporting

Identify the number of clients living in the community **known** to be eligible for TB screening under the *At Risk Medical Conditions Screening Program*. Count each individual only once. For additional information or a full list of high and moderate medical conditions, see the *At Risk Medical Conditions Screening Program Protocol* on OneHealth.

Those eligible for screening under the At Risk Medical Condition TB screening program include anyone who has a high or a moderate risk medical condition and who has:

- never had a *High Risk Algorithm* completed OR
- never had a *Moderate Risk Algorithm* completed OR
- acquired a NEW high or moderate risk condition that requires an algorithm to be completed OR
- had a *High Risk Algorithm* completed in the past and requires ongoing follow up using the *Follow-Up Algorithm* OR
- had a *Moderate Risk Algorithm* completed in the past and requires ongoing follow up using the *Follow-Up Algorithm*

	Total # eligible for ARMC TB screening between January 1 – December 31, 2018	Total # who were screened between January 1 – December 31, 2018
High Risk Medical Conditions		
Moderate Risk Medical Conditions		

Contact Andrea Warman, TB Program Co-ordinator at 780-495-5407 or Deana Nahachewsky, TB Screening and Education Nurse at 780-495-6071 if you have any questions.
